MEMORANDUM FOR THE RECORD

SUBJECT: Visit to the Library of Congress re the National
Capital Planning Commission

25X1A

[REDACTED] searched the main index of the Library of Congress and noted several listings pertaining to them (NCPC) such as the year 2,000 plan, transportation studies, and the like that were prepared for them by consulting firms. There was also a card pertaining to annual reports of a predecessor of the Commission. A search for annual reports since 1952 was of no avail. The library assistant's search for publications of the Commission were also fruitless. The catalogue of Government publications referred only to their own hearings before Congress for appropriations. Examination of several of these did not produce any pertinent information.
